Professional Summary

Software Engineer with 7+ years of experience architecting scalable web services using Golang and cloud technologies. Proven track record in diverse sectors like finance and telecommunications, delivering high-performance solutions in multinational environments. Expertise in backend development, distributed systems, and API design (REST, gRPC), with a strong focus on observability and optimization.

Professional Experience

Golang Developer - iDWELL (Aug 2024 - Present)

Vienna, Austria (Remote)
• Developing web services for the finance sector with Go, Postgres, MSSQL, and GraphQL
• Building scalable, robust APIs for financial data processing
• Collaborating with cross-functional teams to enhance system architecture

Software Developer - GSMK (Jan 2023 - Aug 2024)

Berlin, Germany
• Introduced Golang for developing CLI tools across multi-technology projects
• Built web version of mobile network tracking application using React and Rust
• Developed gRPC-based microservices with OTLP and Prometheus monitoring

Education

Master's in Computer Science (2018-2020)

Instituto Polit3cnico do C3lvado e Ave - Barcelos, Portugal

BSc in Computer Science (2014-2017)

Instituto Polit3cnico do C3lvado e Ave - Barcelos, Portugal

Skills

Languages: Golang, C#, TypeScript, SQL, JavaScript
Technologies: Postgres, MSSQL, MongoDB, Redis, Kafka, GraphQL, Docker
Frameworks: React, Node.js, React Native, PostgREST, Redux
Tools: Git, Jira, Docker
